In the past few months, I've been pushing myself to continue my study of Greek which I began in 2013, having finished the section on verbs in Mounce's *Basics of Biblical Greek*, I started looking for flowcharts to help me with parsing. I came across [one](#) on which I based mine.

I pray that it is helpful to you.

Edit: There was a mistake that I corrected concerning the 2 Aorist. The tense formative $\sigma\alpha$ goes with passive voice instead of the active/middle.
